The only recognized one-volume science authority is now up-to-the-minute, thoroughly rewritten by leading scientists on every subject to reflect the vast new discoveries and changes of the past decade.

Ten years ago the Second Edition of Van Nostrand's Scientific Encyclopedia was published. Since then, a revolution in science has made that edition importantly obsolete. Now, the Third Edition, greatly enlarged and entirely reset, brought carefully up to date, is about to come from the presses. Its 14,000 clear and accurate articles, and well over 1,000 illustrations cover more than 1,800 oversize pages of fascinating and informative reading.

DEPENDABLE—UP TO DATE

Years of work by thirty-six leading scientists and educators, both here and abroad, went into this new, enlarged Third Edition of the Scientific Encyclopedia. In it are more than 100,000 definitions, 14,000 articles on the principles and applications of the great physical sciences, of engineering and medicine; all the tremendous practical advances of our times, in atomic energy, in the penetration of outer space, in the fields of biochemistry where the frontiers against disease and age are being steadily pushed back. There are thousands of new entries and interesting new articles, many over a page long, fully explaining such topics as guided missiles, chelating compounds, magnetic amplifiers, color television, quantum mechanics, transistors, isotopes, high pressure process, antibiotics, ferroelectrics, computers, etc.

EASY TO USE

Thumb-indexed for your convenience, this great work is carefully cross-referenced so that every subject may be fully explored. Among the more than 1,400 vivid photographs and helpful diagrams are twelve whole pages in full color. Each one is designed to assist you towards a further understanding.

**SPECIAL
OFFER**

While it is hoped the final price can be held down to \$30.00, you can take advantage of the special pre-publication price of only \$26.85 if you **ORDER NOW**. This offer expires March 17, 1958.

**D. Van Nostrand Company, Inc. Dept. V18
120 Alexander Street, Princeton, New Jersey**

Please send me a copy of the new Van Nostrand's Scientific Encyclopedia in one volume for 10 days free examination. After looking through it at my leisure, I will either send you \$6.85 plus small delivery cost as first payment and \$5.00 monthly for four months until the total pre-publication price of \$26.85 is paid—or return it within 10 days and owe nothing.

(This offer expires March 17, 1958, so act now!)
