

**Science News Books** has been selling books to readers of **Science News** magazine for more than 40 years. We are dedicated to bringing top quality science-related books and items to people who are interested in learning more about science in new and fun ways. We carefully review the books and have our staff screen all toys, videos and other products that we offer. This holiday season it is our goal to offer you an alternative to shopping malls. Sit back, relax and enjoy selecting quality science gifts for the whole family.

Sincerely,

Alfred Scott McLaren  
 Publisher, **Science News**

**Our Guarantee**

**Science News Books** guarantees that if you are not completely satisfied with the items that you order, we will accept the return of unused items and refund the purchase price for the item.

## See, Hear & Identify 505 Birds By Video!

*Audubon Society's VideoGuides to Birds of North America* combine bird sights and sounds on videocassette for simple and accurate identification of each of the 505 species that breed in North America. Moving and still pictures show each bird's markings and distinctive behavior — in their natural habitat. Computer-animated range maps clearly communicate breeding and wintering areas for each species. Bird calls and sounds from the Cornell Laboratory of Ornithology complement informative narration and stunning visuals.

Each volume also includes a checklist which will help you keep track of the species you've added to your list and give you a place to mark down your VCR's counter numbers, making the *VideoGuides* easy to use as well as enjoy.

Whether you are an expert birder or simply enjoy identifying the birds that gather at your backyard feeder, the *Audubon Society's VideoGuides* promise hours of pleasure. They are a valuable addition to any home library. VHS only.

■ **Volume 1:** 116 species of loons, grebes, pelicans and their allies, swans, geese and ducks, hawks, vultures and falcons, and the chicken-like birds (pheasants, grouse, quails, ptarmigans). 94 minutes.

■ **Volume II:** 105 species of water birds, including herons and egrets, cranes, shorebirds, gulls, terns and alcids. 78 minutes.

■ **Volume III:** 77 species of pigeons and doves, cuckoos, owls, nighthawks, hummingbirds and swifts, trogons, kingfishers and woodpeckers. 61 minutes.

■ **Volume IV (Songbirds I):** 98 species of flycatchers, larks, swallows, crows and jays, titmice and chickadees, nuthatches, creepers, wrens, thrushes, waxwings, shrikes, thrashers and vireos. 75 minutes.

■ **Volume V (Songbirds II):** 109 species of warblers, orioles and blackbirds, tanagers, grosbeaks, finches, buntings and sparrows. 80 minutes.

(call collect Mon.-Fri. 9-5 EST)

Your Science News gift card  
will be mailed the next day

This holiday, share **SCIENCE NEWS** with your friends. They will appreciate the opportunity to learn about new scientific discoveries that can affect their lives, their jobs, their future. And in this day of changing social directions, they will especially appreciate the perspective **SCIENCE NEWS** gives to urgent issues involving science and society.

Why? Because it is planned for people on the go. It reports key developments clearly, accurately, concisely—in about an hour's reading time per week. For someone with no more than an hour to spare, **SCIENCE NEWS** is a reliable summary of important news. For the reader with more leisure, it is a guide to subjects worth pursuing in more detail in other sources.

**SCIENCE NEWS** is the ideal gift for busy executives, professional people, science teachers, students and scientists in search of an overview of all major fields of science.

**SPECIAL HOLIDAY SAVINGS!**

Your first gift subscription of **SCIENCE NEWS** is \$39.50. Each additional one-year subscription is only \$34.00—and you may include your own renewal or new subscription at this money-saving rate.
